1 General information

- 1.1 Anyone who takes residence has to apply for registration to the registry office within two weeks of moving in. The registration has to be truthfully completed, signed, and submitted together with your identity card, recognized and valid passport or substitute passport, and the landlord's confirmation document.
- 1.2 A separate form has to be completed for every person to be registered. Spouses, life partners and family members with the same relocation details (moving-in date as well as former and current residences), please jointly complete one registration form. In this case it is sufficient if one of the registering persons completes the form. If more than four family members move in, please use an additional registration form.
- 1.3 Registration of persons under 16 years of age rests on those in whose place of residence the persons under 16 years of age move in. If a nurse or caregiver, who has been appointed for an adult person, has the right to determine the residence, registration rests with this nurse or caregiver.
- 1.4 You will receive a copy of the certificate of registration or a separate print-out from the registry office containing all the data as a confirmation of your registration.
- 1.5 If you have any other residence in Germany in addition to your new residence, please complete the additional registration form "Application for Registration of several Residences in Germany or change of main Residence".
- 1.6 Your registration with the registry office does not exempt you from your obligation to notify possible other authorities (e.g. the vehicle registration office) of your change of residence.
- 1.7 You are entitled to object to the following data transfers and exchanges of information:
- to political parties, constituencies and other carriers of proposals relating to general elections and referendums at state or municipal level (Sections 50.1 and 50.5 of the Federal Registration Act (BMG);
 - to public religious societies if, as a family member, you do not belong to any or not the same public religious society as your spouse or minor children. If you are a minor, you are additionally entitled to object to data transfers to the public religious societies of your parents. This right of objection does not apply if the data are transferred for tax-raising purposes of the respective religious society (Section 42.3 of the BMG);
 - about age and marriage anniversaries to elected representatives, print media and radio stations (Sections 50.2 and 50.5 of the BMG);
 - to address book publishers (Sections 50.3 and 50.5 of the BMG);
 - to the Federal Office of Personnel Management of the Bundeswehr for the purpose of sending information material for voluntary military service (Section 58c.1 of the Legal Status of Military Personnel Act, Section 36.2 of the BMG).
- If you wish to object to the provision of information or transfer of data from the register in one or more of the above cases, the registry office will provide you with the appropriate form.

2 Completing the registration form

- 2.1 Date of relocation: Order day - month - year
- 2.2 Only residence: If you have only one residence in Germany, then this is your only residence, not your main residence.
- 2.3 Main residence: This is the apartment mainly used by the inhabitant. The main residence of a married person or a resident leading a civil partnership, who is not permanently separated from his or her family or his or her life partner, is the predominantly used residence of the family or life partner. With under-age persons, the main residence is the residence of the legal guardians. If the legal guardians are separated, the main residence is that legal guardian's residence that is mainly used by the minor. Upon a corresponding request, this provision applies to persons with disabilities up to the age of 25, even if they live in an institution for the disabled. If in doubt, the predominantly used residence is where the focal point of the resident's personal relationship lies.
- 2.4 Second residence: every other residence in Germany.
- 2.5 Family name: Please state the full current family name including parts of the name.
- 2.6 Forenames: State only in the form prescribed by the laws on personal status.
- 2.7 Doctoral degree (awarded within the federal territory): For registration purposes, a doctoral degree can be entered in the abbreviated form of "Dr." and "DR." without further additions (such as "med."). With honorary degrees please add one of the suffixes "hc.", "eh." or "Eh.".
- 2.8 Doctorate (awarded abroad): This can be entered in the register only if the person is entitled to hold the abbreviated title of "Dr." in the Federal Republic of Germany. Due to the legal requirements of the Bavarian Higher Education Act it is not possible to make a general statement on which foreign academic degrees are affected hereof. Verification of the entitlement to hold the abbreviated title of "Dr." and have it entered in the register is only possible by submitting the original promotion certificate together with a certified translation into German thereof.
- 2.9 Date of birth: Order day - month - year

2.10 Gender: For the indication of sex, please use the following abbreviations:

M	male
W	female
